Pre-Emergent Agreement

Please mark an "X" under my participation to let us know what areas you would like pre-emerged. Then total the amount so we know you understand the amount that will be charged to your account. The cost for front yard only is \$30, for both front and back yards \$45. Send this form or drop it off at our office along with your payment.

Front Yard Only	\$ 30	
Rear Yard Also	\$ 15

Pre-Emergent: Pre-emergent will help prevent the growth of weeds. It should be applied each spring and fall to help eliminate most weeds. It will not stop weeds from appearing, but will make a big difference. After several applications, it will usually significantly reduce the amount of weeds that appear in your rock areas.

Pre-emergent will be applied to your rock areas only.

Rear Yard Participation:

To have your rear yard sprayed as well, there must be no pets free in your back yard. If you have pets in your back yard, participation for back yard is discouraged. We will provide you the week the exterminators will be through your community, but if the technicians see or hear a dog in the back yard, they are instructed to exit the back yard without doing the work.

Qualifications: To participate in this program the following conditions must be met:

- You must be current in the payment of all funds owed the Homeowners Association including, but not limited to assessments, late fees, fines, legal fees, and collections costs. In effect, your account must have a \$0.00 balance.
- You must pay for the pre-emergent work in advance. Upon receipt, the funds will be credited to your account with the Association and then debited when the work is complete.
- This form must be received by Renaissance along with payment by the participation deadline.

For back yards the approval box must be checked. The discounted pricing is based on volume and logistics.
